My greatest joy is creating memorable experiences. I have been dedicated to my performance and artistic growth for over 15 years now, traveling and learning from the great MsEasy and other amazing influential entertainment companies. Procuring many talents over the years, I offer my own brand of enchanting savvy to the entertainment industry. Working on both sides of the creative field, I have helped with a large number of castings and conceptualization for events. Creating costumes and new characters is also a passion of mine. I pride myself on my professionalism, organization, leadership, stamina, and strive for excellence. For any further questions or gigs please email me.
